WE SHOULD BE REPRESENTED AT TOURNAMENT OF ROSES

Pasadena, Nov. 17.—During the current month representatives of the civic bodies and newspapers of Southern California will be asked to come as the guests of the Tournament of Roses Association to attend a "get together" banquet in Pasadena at which the advice of those assembled will be asked to make the 1921 Tournament of Roses pageant the success it is expected to be. The date for this banquet will be announced shortly as well as the place where it will be held.

It is the statement of President W. L. Deishman of the Tournament of Roses Association that he and Chairman B. O. Kendall of the association's parade committee hope and expect that the division made up of entries from other communities will be far the largest in the history of the pageant. Special arrangements will be made to make this division one of the big if not the biggest feature of the parade.

"Last year it is estimated that the better part of half a million people witnessed the passing of the parade," said Chairman B. O. Kendall of the parade committee, who served in a like capacity for the 1920 pageant. "In that vast throng were scores of thousands of strangers who got their first real comprehension of the spirit of Southern California from that mile of flowers. We feel that there is no better way for sister communities to present their charms to the stranger and home folk than this one and we are, therefore, asking all Southern California to come, take part and enjoy the 1921 Tournament of Roses."

McKINLEY HOME SCHOOL NOTES

Mr. Ross, assistant supervisor of nature study, gave us a very interesting talk on Friday, October 25, and much to his surprise he found the McKinley Home Boys very well informed and very much alive along the lines of birds, bugs and beetles.

We are very proud to say that two of our graduates of the Class of 1920 are in high schools doing well. Edward Kearns is in Gardena High School, Frank Ferrell in Lincoln High School, Los Angeles. We have not heard from all the graduates, but we hope they are doing well wherever they are. Edward Kearns has been chosen president of the Freshman Class at Gardena High. Isn't that an honor? I say so.

Emmett Ramey left on October 29 for Las Vegas, Nevada, where he will live with his mother. Emmett leaves a record behind him worthy of emulation. His school work was in every way up to the standard, and his attitude was always quiet, respectful and studious. We wish that Emmett may be happy and successful in his new home.

BALL GAME

Victory for McKinley!

On Wednesday, November 3, Moneta Grammar School came over to play us a game of soccer. The home team had understood that we were to play indoor, and had not practiced up much in soccer; but the field was hurriedly made ready, and the game began at 3 o'clock, Mr. Fitzpatrick umpiring.

The result was a score of 3 to 0 in favor of McKinley.

McKinley heroes were Gerard, Crane and Brothers, each kicking one goal. But the Moneta boys played well, and after the game we gave them three rousing cheers by way of encouragement.

We are invited to play them at indoor baseball, and a game is scheduled on their grounds for November 10.—McKinley Home Record.

"for clean oil in a clean engine"
Inside facts on a dirty job!

YOUR ENGINE requires an internal bath frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear.

Gasoline also escapes past the pistons and dilutes the oil.

Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil,

flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calor Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.
